*Feel Good & Eat Happy*

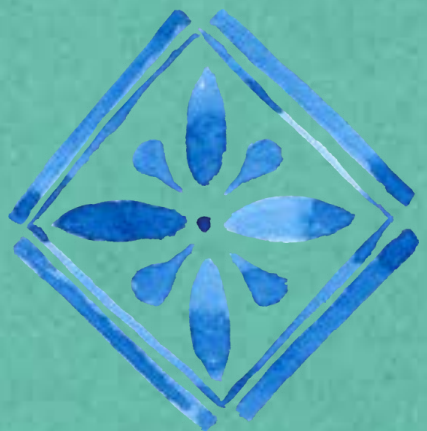

# ABOUT US

*Fresh, Feel Good Food Inspired by the Mediterranean*

We are Gallio, Mediterranean-inspired catering from a team of passionate cooks and food lovers keen to bring the best of the Mediterranean way of life and the Mediterranean diet to busy Londoners who need a feel-good pause in their day. Food should both refuel and nourish but also be a social occasion.

Our menu uses the best seasonal, vibrant and colourful ingredients with the best natural flavours. Our food is prepared and made fresh daily for uncompromisingly good quality taste. From light mezze plates to more indulgent, filling wraps, we can cater for any occasion and all different levels of food requirements.

Our chicken and lamb are halal certified, and we have great options for vegan and vegetarian eaters. In addition, our menu has various gluten-free, nut-free and dairy-free options, so you can rest assured that most, if not all, dietary requirements will be catered for.

# Our Story

Gallio is a London-based restaurant embodying the spirit of the Mediterranean. Our journey began with a quest to craft a better tasting pizza which lead us to explore the history of flatbreads. We uncovered stories of Persian soldiers baking flatbreads on their shields and topping them with fresh local ingredients. Drawing inspiration from these stories, we've developed a unique, delectable, and nutrient-rich dough using ancient grains. Our menu includes homemade flatbreads, breadsticks, filled pittas, and pizzas. We celebrates the Mediterranean's culinary diversity while giving classic dishes an innovative twist.

The Mediterranean is more than a diverse collection of countries connected by water. To us, the Mediterranean symbolises freshly prepared food, the vivid hues of ripe ingredients, and the lifestyle that cherishes sharing meals with loved ones in an atmosphere of laughter and delight.

## WHY ARE WE CALLED GALLIO?

*"True Happiness Is To Enjoy The Present, Without Anxious Dependence Upon The Future, "*

Our name is inspired by the wisdom of Seneca's letter to his brother Gallio, emphasising the importance of living in the moment. Indeed, We embrace the Mediterranean lifestyle, which encourages us to enjoy fresh, flavourful meals in a social dining setting with loved ones. Hence, our philosophy revolves around simplicity, cherishing life's pleasures, and laughter. However at Gallio, we celebrate the essence of the Mediterranean spirit, inviting you to savour each moment and create lasting memories with those who matter most.

# TESTIMONIALS

Gallio always go the extra mile, they have a great selection of halal, gluten free, vegan and veggie options and the staff really enjoy the food!

**GENOMICS ENGLAND**

We love working with Gallio, they provide great quality, fresh pizzas to all our guests which is great for our business and a really easy way to provide food with our experiences.

**CAPITAL KARTS**

Great event catered by Gallio, food was super tasty and volume of food for audience was more than accurate. Also great variety and got lots of support from Charlotte and the team when tailoring the menu for us

**PHILIPS MORRIS**

PHILIP MORRIS  
INTERNATIONAL

The logo for Gallio, featuring the word "Gallio" in a white, cursive script font with a wavy underline, set against a teal background with a faint map of the Mediterranean region.
